Future of Procurement

Create quote requests

Quote requests

Accumulated
By order
Subcontracting
Sales quote request

Triggers

Need to select supplier by requesting price and availability based on an RFQ

Result

Purchase quote request to one or more supploers including specification documents.

Sales quote requests	Shorten the sales quote response time with swift processing
Sub-contracting	Subcontracting is based on external operations in manufacturing, reduce delivery lead time by swift processing
By order	All requirements related to MTO products where there is not a defined reorder point
Accumulated	Procure for an aggregated volume across customer sales orders, or planned productions, or general inquiry
