RamBase Automated Banking

1. Service description

RamBase Automated Banking provides an online integration between RamBase and selected business banks using the PSD2 API standard. RamBase Automated Banking only supports banks verified by JHC.

2. Disclaimer

You acknowledge and agree that RamBase Automated Banking is provided "as is". No warranties, representations or commitments with regard to any specific functions, reliability and availability are made. For the avoidance of any doubt, the RamBase Service Level Agreement do not cover RamBase Automated Banking.

3. Requirements

You are solely responsible for ensuring that you have concluded agreements with your selected bank that:

- grant all authorisations, licences, permits and permissions necessary for the exchange of payment information and bank statements between the bank and RamBase Automated Banking, and
- do not violate or allow others to violate the RamBase Agreement.

4. Support

Support for RamBase Automated Banking is only available through a RamBase support agreement.

5. Price and payment

The use of RamBase Automated Banking is invoiced monthly on a consumption basis in accordance with the current price list.
