RamBase PL Whitelist Bank Account Check

1. Service description

RamBase PL Whitelist Bank Account Check provides support in checking whether the contractor is registered as an active VAT taxpayer on the day of the transaction, which bank accounts are assigned to that contractor and whether his address details and name have been correctly completed on the invoice. Whitelist functionality provides keeping log of Whitelist performed searches and results with information about questioner. Operations are made in Microsoft Azure (North Europe Region), managed by IT Vision Sp. z o.o.

2. Disclaimer

You acknowledge and agree that RamBase PL Whitelist Bank Account Check is provided "as is". No warranties, representations or commitments with regard to any specific functions, reliability and availability are made. For the avoidance of any doubt, the RamBase Service Level Agreement do not cover Whitelist integration. The client is solely responsible for compliance to legal and tax regulations.

3. Requirements

You are solely responsible for ensuring that you:

- do not violate or allow others to violate the RamBase Agreement.
- have obtained RamBase subscription with Polish localization.

4. Support

Support for RamBase PL Whitelist Bank Account Check is and will be maintained and continuously developed in Poland. Whitelist service is provided by IT Vision Sp. z o.o.

5. Price and payment

The use of RamBase PL Whitelist Bank Account Check is included as part of the RamBase Polish localization.
